MANAGEMENT INFORMATION CIRCULAR

Dated March 29, 2018

This management information circular (the “**Information Circular**”) is furnished in connection with the solicitation of proxies by or on behalf of the management of Yangarra Resources Ltd. (the “**Corporation**”) for use at the annual general meeting of the holders (“**Shareholders**”) of the common shares of the Corporation (“**Common Shares**”) to be held Thursday, May 10, 2018 at 10:00 a.m. (Calgary time) at Tillyard Management Conference Centre, Main Floor, 715 - 5th Avenue S.W., Calgary, Alberta (the “**Meeting**”) and at any adjournment thereof for the purposes set out in the Notice of Meeting accompanying this Information Circular. Unless otherwise noted, information in this Information Circular is given as at March 29, 2018.

SOLICITATION OF PROXIES

The solicitation is made on behalf of management of the Corporation. Proxies are being solicited primarily by mail, but may also be solicited by e-mail, facsimile or oral communication by the directors, officers and employees of the Corporation, at no additional compensation. The costs incurred in the preparation and mailing of the form of proxy, the Notice of Annual General Meeting and this Information Circular will be borne by the Corporation.

APPOINTMENT AND REVOCATION OF PROXIES

The individuals named in the accompanying form of proxy are officers of the Corporation. **A Shareholder has the right to appoint a person (who need not be a Shareholder) other than James G. Evaskevich and James A. Glessing, the management designees, to attend and represent the Shareholder and act on the Shareholder's behalf at the Meeting.** Such right may be exercised by inserting in the blank space provided in the accompanying form of proxy the name of the person to be designated or by completing another proper form of proxy and, in either case, depositing the form of proxy with the registrar and transfer agent of the Corporation, Computershare Trust Company of Canada (“**Computershare**”). A proxy will not be valid unless the completed, dated and signed form of proxy is delivered to Computershare, 8th Floor Proxy Dept., 100 University Avenue, Toronto, Ontario, M5J 2Y1, not less than 48 hours (excluding Saturdays, Sundays and holidays) before the Meeting or any adjournment of the Meeting.

A Shareholder who has given a proxy may revoke it as to any matter upon which a vote has not already been cast pursuant to the authority conferred by the proxy, prior to the revocation. A Shareholder may revoke a proxy by depositing an instrument in writing, executed by the Shareholder or by the Shareholder's attorney authorized in writing or, if the Shareholder is a corporation, by a duly authorized officer or attorney of the corporation:

1. Computershare, 8th Floor, Proxy Dept., 100 University Avenue, Toronto, Ontario, M5J 2Y1, at any time, not less than 48 hours, excluding Saturdays, Sundays and statutory holidays, preceding the Meeting or an adjournment of the Meeting at which the proxy is to be used;
2. at the registered office of the Corporation, Suite 1530, 715 – 5th Avenue S.W., Calgary, Alberta, T2P 2X6, at any time up to and including the last business day preceding the day of the Meeting or an adjournment of the Meeting at which the proxy is to be used; or

3. with the chairman of the Meeting on the day of the Meeting or an adjournment of the Meeting.

In addition, a proxy may be revoked by the Shareholder executing another form of proxy bearing a later date and depositing same with Computershare, within the time period set out under the heading “Voting of Proxies”, or by the Shareholder personally attending the Meeting and voting his or her Common Shares or in any other manner permitted by law.

VOTING OF PROXIES

All Common Shares represented at the meeting by properly executed proxies will be voted by the persons named in the proxy and, where a choice with respect to any matter to be acted upon has been specified in the instrument of proxy, the Common Shares represented thereby will be voted or withheld from voting in accordance with such specifications. **In the absence of any such specifications by the Shareholder, such Common Shares will be voted IN FAVOUR of all the matters set out herein.**

The enclosed form of proxy confers discretionary authority upon the management designees, or other persons appointed as proxy-holders thereunder, with respect to any amendments to or variations of matters identified in the Notice of Meeting and with respect to any other matters which may properly come before the Meeting. As of the date of this Information Circular, the management of the Corporation is not aware of any such amendments, variations or other matters which may come before the Meeting other than matters referred to in the accompanying Notice of Meeting.

ADVICE TO BENEFICIAL HOLDERS OF COMMON SHARES ON VOTING THEIR COMMON SHARES

The information set forth in this section is of significant importance to many shareholders who hold Common Shares through brokers and their nominees, as a substantial number of shareholders do not hold Common Shares in their own name.

Shareholders who hold their Common Share through their brokers, intermediaries, trustees or other persons, or who otherwise do not hold their Common Shares in their own name (referred to herein as “**Beneficial Shareholders**”) should note that only proxies deposited by Shareholders who appear on the records maintained by the Corporation’s registrar and transfer agent as registered holders of Common Shares will be recognized and acted upon at the Meeting. If Common Shares are listed in an account statement provided to a Beneficial Shareholder by a broker, those Common Shares will, in all likelihood, not be registered in the Shareholder’s name. Such Common Shares will more likely be registered under the name of the Shareholder’s broker or an agent of the broker. In Canada, the vast majority of such shares are registered under the name of CDS & Co. (the registration name for The Canadian Depository for Securities Limited, which acts as nominee for many Canadian brokerage firms). In the United States, the vast majority of such Common Shares are registered under the name Cede & Co. (the registration name for The Depository Trust Company, which acts as nominee for many United States brokerage firms). Common Shares held by brokers (or their agents) on behalf of a broker’s client can only be voted or withheld at the direction of the Beneficial Shareholder. Without specific instructions, brokers and their agents and nominees are prohibited from voting shares for the broker’s clients. Each Beneficial Shareholder should therefore ensure that the voting instructions are communicated to the appropriate person well in advance of the Meeting.

Existing regulatory policy requires brokers and other intermediaries to seek voting instructions from Beneficial Shareholders in advance of shareholders’ meetings. The various brokers and intermediaries have their own mailing procedures and provide their own return instructions to clients, which should be carefully followed by Beneficial Shareholders in order to ensure that their Common Shares are voted at the Meeting. Often the form of proxy supplied to a Beneficial Shareholder by its broker (or the agent of the broker) is

substantially similar to the instrument of proxy provided directly to the registered Shareholders by the Corporation. However, its purpose is limited to instructing the registered Shareholder (i.e. the broker or agent of the broker) how to vote on behalf of the Beneficial Shareholder.

Beneficial Shareholders who have not objected to their intermediary disclosing certain ownership information about themselves to the Corporation are called Non-Objecting Beneficial Owners (“**NOBOs**”). Beneficial Shareholders who have objected to their intermediary disclosing ownership information about themselves to the Corporation are called Objecting Beneficial Owners (“**OBOs**”).

In accordance with the requirements of National Instrument 54-101 “Communication with Beneficial Owners” of the Canadian Securities Administrators (“**NI 54-101**”), the Corporation has elected to send the Corporation’s accompanying Notice of Meeting and this Information Circular (collectively, the “**Meeting Materials**”) directly to NOBOs, and indirectly through intermediaries to the OBOs. The Corporation is not relying on the notice and access delivery procedures outlined in NI 54-101 to distribute copies of the proxy-related materials in connection with the Meeting.

The intermediaries (or their service companies) are responsible for forwarding the Meeting Materials to each OBO, unless the OBO has waived the right to receive them. Intermediaries will frequently use service companies to forward the Meeting Materials to the OBOs. Generally, an OBO who has not waived the right to receive Meeting Materials will either:

- a) be given a form of proxy which has already been signed by the intermediary (typically by a facsimile, stamped signature), which is restricted as to the number of shares beneficially owned by the OBO and must be completed, but not signed, by the OBO and deposited with Computershare; or
- b) more typically, be given a voting instruction form (“**VIF**”) which is not signed by the intermediary, and which, when properly completed and signed by the OBO and returned to the intermediary or its service company, will constitute instructions the intermediary must follow.

The Corporation will be paying for intermediaries to deliver to OBOs (who have not otherwise waived their rights to receive proxy-related materials) copies of the Meeting Materials and related documents.

The Meeting Materials are being sent to both registered Shareholders of the Corporation and Beneficial Shareholders. If you are a Beneficial Shareholder, and the Corporation or its agent has sent these materials to you, your name and address and information about your holdings of securities have been obtained in accordance with applicable securities regulatory requirements from the intermediary holding on your behalf. By choosing to send these materials to you directly, the Corporation (and not the intermediary holding on your behalf) has assumed responsibility for (i) delivering these materials to you, and (ii) executing your proper voting instructions. Please return your voting instructions as specified in the request for voting instructions.

The Meeting Materials sent to the NOBOs who have not waived the right to receive meeting materials are accompanied by a VIF, instead of a proxy. By returning the VIF in accordance with the instructions noted on it, a NOBO is able to instruct the voting of the Common Shares owned by the NOBO.

VIFs, whether provided by the Corporation or by an intermediary, should be completed and returned in accordance with the specific instructions of the VIF. The purpose of this procedure is to permit Beneficial Shareholders to direct the voting of the Common Shares which they beneficially own. Should a Beneficial Shareholder who receives a VIF wish to attend the Meeting or have someone else attend on the Beneficial Shareholder’s behalf, the Beneficial Shareholder may request a legal proxy as set forth in the VIF, which

will grant the Beneficial Shareholder, or the Beneficial Shareholder's nominee, the right to attend and vote at the Meeting.

A Beneficial Shareholder who receives a VIF cannot use the form to vote Common Shares directly at the Meeting. The voting instruction form must be returned to the intermediary (or instructions respecting the voting Common Shares must otherwise be communicated to the intermediary) well in advance of the meeting in order to have the Common Shares voted. If you have any questions respecting the voting of Common Shares held through a broker or other intermediary, please contact that broker or intermediary for assistance.

Although a Beneficial Shareholder may not be recognized at the Meeting for the purpose of voting Common Shares registered in the name of the broker, a Beneficial Shareholder may attend the meeting as proxy-holder for the registered Shareholder and vote Common Shares in that capacity. **Beneficial Shareholder who wish to attend the meeting and indirectly vote their Common Shares as proxy-holder for the registered holder, should contact their broker, agent or nominee well in advance of the Meeting to determine the step necessary to permit them to indirectly vote their Common Shares as a proxy-holder.**

All references to Shareholders in this Information Circular and the accompanying form or proxy and Notice are to registered Shareholders unless specifically stated otherwise.

RECORD DATE, VOTING SECURITIES AND TEN PERCENT HOLDERS THEREOF

The Shareholders of record at the close of business on the record date, set by the directors of the Corporation to be March 29, 2018 (the "**Record Date**"), are entitled to notice of, and to attend and vote at, the Meeting, except to the extent that: (i) such person transfers ownership of any of his or her Common Shares after the Record Date; (ii) the transferee of those Common Shares produces properly endorsed share certificates or otherwise establishes his or her ownership to the Common Shares; and (iii) the transferee makes a demand to Computershare, not later than ten (10) days before the Meeting, that his or her name be included on the Shareholders' list, in which case the transferee shall be entitled to attend and vote his or her shares at the Meeting.

As at the Record Date, 83,424,603 Common Shares were issued and outstanding. The Common Shares are entitled to be voted at the Meeting on the basis of one vote for each Common Share held. The Corporation does not have any other class of voting securities outstanding.

To the knowledge of the directors and executive officers of the Corporation, as of the date hereof, no person or company beneficially owns, controls or directs, directly or indirectly, voting securities of the Corporation carrying ten percent (10%) or more of the voting rights attached to any class of voting securities of the Corporation.

PARTICULARS OF MATTERS TO BE ACTED UPON

To the knowledge of the Corporation's directors and executive officers, the only matters to be placed before the Shareholders at the Meeting are those matters set forth in the Corporation's accompanying Notice of Meeting relating to: (i) the receipt of the audited financial statements of the Corporation for the financial year ended December 31, 2017 and the auditor's report thereon; (ii) the fixing of the number of directors to be elected at the Meeting and the election of the directors of the Corporation for the ensuing year; and (iii) the appointment of the auditors for the Corporation.

I. Financial Statements

The Corporation will submit to the Shareholders at the Meeting the audited financial statements for the year ended December 31, 2017 together with the auditors' report thereon, but no vote by the Shareholders with respect thereto is required or proposed to be taken. The audited financial statements of the Corporation for the year ended December 31, 2017 are available on the Canadian System for Electronic Document Analysis and Retrieval (“**SEDAR**”) which can be accessed at www.sedar.com. The audited financial statements have been approved by the Audit Committee and the board of directors of the Corporation (the “**Board of Directors**” or “**Board**”).

II. Fixing Number of Directors

The Board of Directors currently consists of five (5) directors, all of whom are elected annually. The term of office for each of the present directors of the Corporation expires at the Meeting. It is proposed that the number of directors to be elected at the Meeting for the ensuing year be fixed at five (5). At the Meeting, the Shareholders will be asked to consider and, if thought advisable approve an ordinary resolution to fix the number of directors of the Corporation at five (5). **It is the intention of the management designees, if named as proxy, to vote FOR setting the number of directors to be elected at five (5), unless a Shareholder has specified in its proxy that its Common Shares are to be voted against such resolution.**

Each director elected at the Meeting will hold office until the next annual meeting of Shareholders or until his successor is duly elected or appointed pursuant to the by-laws of the Corporation, unless his office is earlier vacated in accordance with the provisions of the *Business Corporations Act* (Alberta) (the “**ABCA**”) or the by-laws of the Corporation. **It is the intention of the management designees, if named as proxy, to vote FOR the election of the persons listed in the table below to the Board of Directors, unless a Shareholder has specified in its proxy that its Common Shares are to be withheld from voting on the election of one or more directors.**

III. Election of Directors

On March 15, 2017, the Board amended its majority voting policy (the “**Majority Voting Policy**”) for the election of directors to provide for the following:

1. Any director must immediately tender his or her resignation to the Board if he or she is not elected by at least a majority (50% +1 vote) of the votes cast with respect to his or her election.
2. The Board must accept the resignation of the director, absent exceptional circumstances and the resignation will be effective when accepted by the Board.
3. The director(s) who tender a resignation pursuant to the Majority Voting Policy will not participate in any meeting of the Board or the Corporate Governance and Nominating Committee at which the resignation is considered.
4. If the Board determines not to accept a resignation, the Corporation must promptly issue a news release with the Board's decision, a copy of which must be provided to Toronto Stock Exchange (“**TSX**”).

The policy provides that if a director standing for election or re-election in an uncontested election does not receive the vote of at least a majority of the votes cast at any meeting for the election of directors at which a quorum is present, the director will promptly tender his or her resignation to the Board. Within 90 days after the certification of the election results, the Board will decide, through a process managed by the Corporate Governance and Nominating Committee, whether to accept or reject the resignation and the Board's decision will be publicly disclosed. For more information regarding the Corporation's Majority Voting Policy, see “Corporate Governance”.

Commission Orders

To the knowledge of management of the Corporation, other than as disclosed herein, no proposed director is, as at the date hereof, or has been within 10 years before the date hereof, a director, chief executive officer or chief financial officer of any company (including the Corporation) that (a) was subject to an order that was issued while the proposed director was acting in the capacity as director, chief executive officer or chief financial officer, or (b) was subject to an order that was issued after the proposed director ceased to be a director, chief executive officer or chief financial officer and which resulted from an event that occurred while that person was acting in the capacity as director, chief executive officer or chief financial officer.

On October 7, 2009, the Corporation filed a proposal to restructure under Part III Division I of the *Bankruptcy and Insolvency Act* (Canada), including a plan to merge with Athabaska Energy Ltd. At the time of the Restructure Proposal, the directors of the Corporation consisted of James Evaskevich, Gordon Bowerman, Robert Weir and Arthur Dumont.

No proposed director of the Corporation has been subject to any penalties or sanctions imposed by a court relating to securities legislation or by a securities regulatory authority or has entered into a settlement agreement with a securities regulatory authority, or has been subject to any other penalties or sanctions imposed by a court or regulatory body that would likely be considered important to a reasonable security holder in deciding whether to vote for a proposed director.

IV. Appointment of Auditors

The Board of Directors has recommended that MNP LLP, Chartered Professional Accountants (“MNP”), be re-appointed as auditors of the Corporation for the ensuing year. MNP was first appointed as the auditors of the Corporation by the Board of Directors on December 8, 2015, following the resignation of the former auditors.

At the Meeting, Shareholders will be asked to re-appoint MNP as auditors of the Corporation to serve until the close of the next annual meeting of the Shareholders at a remuneration to be fixed by the Board of Directors.

It is the intention of the management designees, if named as proxy, to vote FOR the appointment of MNP as auditors of the Corporation, at a remuneration to be fixed by the Board of Directors, unless a Shareholder has specified in its proxy that its Common Shares are to be withheld from voting on the appointment of auditors.

EXECUTIVE COMPENSATION

Form 51-102F6 *Statement of Executive Compensation*, defines “Named Executive Officers” as the Chief Executive Officer (“CEO”), the Chief Financial Officer (“CFO”) and each of the Corporation's three most highly compensated officers, other than the CEO and CFO, who were serving as officers at the end of the most recent fiscal year and whose total compensation amounted to \$150,000 or more.

Executive Compensation

Design and Objectives

The Corporation's executive compensation program is designed to provide incentives for the enhancement of Shareholder value, the successful implementation of the Corporation's business plan and improvement in corporate performance. The program is based on a pay-for-performance philosophy and is comprised of the following components: base salary, discretionary annual incentives and long-term incentives.

The overall objectives of the program are:

- to align the executive compensation with Shareholders' interests;
- to attract and retain qualified management critical to the Corporation's success;
- to provide fair and competitive compensation; and
- to focus performance by linking incentive compensation to the achievement of business objectives and financial results.

The Compensation Committee and Board of Directors annually review and approve the compensation packages, including salary level, bonus potential and entitlement and participation in long term incentives. The Compensation Committee compares the Corporation's level of overall compensation with those of comparable sized oil and gas exploration companies. The Corporation's total compensation mix places a portion of the executive's compensation at risk, by taking into account individual and corporate performance. Compensation practices, including the base salary, discretionary bonuses where appropriate, and long-term incentives, are regularly assessed to ensure they are competitive, take into account the external market trends, and support the Corporation's long-term growth strategies.

When determining executive compensation under each element of compensation, the Corporation relies on a variety of information sources to assess the competitiveness of its compensation program. Management reviews the compensation practices of companies in a selected peer group for salary levels, bonuses and long term incentives and then compiles the information and reports its findings to the Compensation Committee. The companies in the peer group operate in a similar business environment and are of similar size, scope and complexity. The Corporation's peer group for these purposes is selected based upon such factors as market capitalization, production, revenue, and total assets. Currently the Corporation's peer group consists of the following companies: Chinook Energy Inc., Delphi Energy Corp., Eagle Energy Trust, Gear Energy Ltd., Ikkuma Resources Corp., Inplay Oil, Journey Energy Inc., Leucrotta Exploration Inc., RMP Energy Inc., Petrus Resources, Storm Resources Ltd., Tamarack Valley Energy Ltd. and Zargon Oil & Gas Ltd. Changes to the peer group occur regularly given the nature of the oil and gas industry as company's merge, are acquired and change over time. In addition, changes to the comparator group may be made from time to time as recommended by management.

When comparing the peer group the key metrics used by the Corporation are as follows:

<i>Metric</i>	<i>2017 Performance</i>
Full cycle internal rates of return	86% full cycle IRR
Production	Annual: 5,740 boe/d Fourth Quarter: 6,721 boe/d
Cashflow	\$52.9 million cashflow Fourth Quarter: \$17.6 million
Reserves	87.9 million boe \$1.03 billion NPV10 value
Debt to Cashflow	1.8 times annual 1.3 times fourth quarter – annualized
Employee count	12 head office staff
Production per employee	478 boe/employee
Cashflow margins	69% Peer average = 43%
Operating costs (including transportation) per boe	\$7.77/boe Peer average = \$13.56/boe
G&A costs per boe	\$0.95/boe Peer average = \$1.80/boe
Finding and development costs per boe	\$9.18/boe on proved plus probable reserves Peer average = \$19.05/boe

Note:

- (1) Boe - Barrel of Oil Equivalent. All boe conversions in the report are derived by converting gas to oil at the ratio of six thousand cubic feet of natural gas to one barrel of oil equivalent. Boe may be misleading, particularly if used in isolation. A boe conversion rate of 1 Boe: 6 Mcf is based on an energy equivalency conversion method primarily applicable at the burner tip and does not represent a value equivalency at the wellhead. Readers are cautioned that boe may be misleading, particularly if used in isolation.

The Board of Directors is mindful of the necessity to align compensation policies with the Corporation's objectives and shareholder value and to ensure its compensation policies do not encourage management to take inappropriate risks. The Board of Directors has not identified any particular risks that would arise from the Corporation's compensation policies. In addition, when granting options to management, the Board of Directors will consider the equity position the applicable management member has in the Corporation to ensure that management incentives are balanced so that each individual is rewarded when shareholder value is enhanced but that the individual will also experience a meaningful decrease in their equity position if shareholder value deteriorates as a result of poor corporate performance. The Corporation does not restrict the purchase of financial instruments by NEO's or directors that are designed to hedge or offset a decrease in market value of equity securities granted as compensation or held, directly or indirectly, by a NEO or director.

The final determination of compensation is not based on a prescriptive formula or weightings as this may lead to unintended consequences and potentially foster single minded behaviors to the overall detriment of sustainable performance.

Base Salary

The Corporation pays competitive base salary to each executive determined by particular skills and capabilities of the individual, job responsibilities, and consideration of competitive compensation levels for the markets in which the Corporation operates. Salaries for executive officers are reviewed annually by the

President & CEO, and the CFO, based on a review of corporate and personal performance and individuals levels of responsibility, as well as comparable industry peer groups. The Compensation Committee considers, and if thought appropriate, approves salaries recommended by the President and CEO for the executive officers. The Compensation Committee, guided by the Corporation's compensation philosophy, attempts to ensure that the compensation of senior executives provides a competitive base compensation package and strong link between corporate performance and compensation, in order to attract, retain and motivate highly qualified personnel.

Annual Incentives

Annual incentives, in the form of discretionary cash bonus payments, may be paid based on individual performance and overall corporate performance. As part of its overall compensation program the Compensation Committee annually determines the nature and amount of any bonuses to be paid.

Long Term Incentives

The Corporation's current incentive stock option plan (the "**Stock Option Plan**") is designed to align the interest of the executive officers with that of the Shareholders over the longer term and to provide a retention incentive for each executive officer.

The Stock Option Plan is administered by the Board of Directors. Pursuant to the terms of the Stock Option Plan, directors, officers, employees and consultants of the Corporation are eligible for selection to participate in the Stock Option Plan as an incentive to achieve the longer term objectives of the Corporation. The purpose of the Stock Option Plan is to advance the interests of the Corporation by giving suitable recognition to the ability and industry of such persons who contribute materially to the success of the Corporation, and to attract and retain persons of experience and ability by providing them with the opportunity to acquire an increased proprietary interest in the Corporation. The Compensation Committee determines, based on the President and CEO's recommendations, to whom options shall be granted, the terms and provisions of the respective option agreements, the time(s) at which such options shall be granted and vested, and the number of Common Shares purchasable pursuant to each option. Previous grants of option-based awards are taken into account when considering new grants. The number of options granted to any optionee is a function of the level of authority and responsibility of the optionee, the contribution that has been made by the optionee to the business and affairs of the Corporation, the number of options that have already been granted to the optionee and such other factors as the Board of Directors may consider relevant.

As of the date of this Information Circular options to acquire an aggregate of 7,840,528 Common Shares, representing approximately 9.4% of the outstanding Common Shares, are outstanding under the Stock Option Plan. The maximum number of Common Shares that may be reserved for issuance under the Stock Option Plan at any time may not exceed 10% of the aggregate number of Common Shares actually outstanding at that time, as determined on a non-diluted basis. There were 658,893 options to acquire Common Shares exercised during the fiscal year ended December 31, 2017 by the Named Executive Officers.

The Corporation does not have any retirement plans, or other forms of retirement compensation for its executive officers or directors.

The Corporation maintains directors and officers liability insurance policy. The policy provides coverage for costs incurred to defend and settle claims against directors and officers.

Review/Modifications

The Corporation's executive compensation program is reviewed and considered at least annually by the Compensation Committee and the Board of Directors to determine if the objectives of the program are being achieved and whether any modifications to that program are required. This includes a review of base salaries payable, annual incentives, and entitlement and participation in long-term equity based incentives.

Termination and change of control benefits

The Corporation has entered into a written agreement with each of the Named Executive Officers or their respective consulting corporations. Pursuant to the terms of each agreement, which automatically renew on a yearly term, each Named Executive Officer is entitled directly or indirectly to a base remuneration, granting from time to time of options to acquire Common Shares, and to certain payments upon termination with or without cause, resignation, or termination following a change of control.

A change in control is generally considered to have occurred if any person becomes the beneficial owner of securities of the Corporation, carrying more than 50% of the votes that may be cast to elect directors of the Corporation; upon the implementation of any transaction involving the Corporation as a result of which individuals who were members of the Board of Directors immediately prior to such transaction represent less than a majority of the members of the Board of Directors of the successor corporation within three months following the consummation thereof; or individuals who were executive officers of the Corporation immediately prior to such transaction represent less than a majority of the executive officers of the Corporation or the successor corporation within three months following the consummation thereof; upon the election of a slate of directors at a meeting of the Shareholders where a majority of the directors so elected were not members of the Board of Directors immediately prior to such meeting; the passing of a resolution by the shareholders to substantially liquidate, wind-up or rearrangement or the sale of all or substantially all of the assets of the Corporation to any purchaser in circumstances where the purchaser intends to carry on all or part of the business carried on by the Corporation, excluding a sale to an entity in which the Corporation owns 25% or more of the Common Shares; or where the Board of Directors determines that a change of control has occurred.

In a change in control each Named Executive Officer is entitled to payment of 12 months base pay plus an additional month of base pay for each year of service up to a maximum amount of 24 months of the Named Executive Officer's then base annual salary, plus an amount equal to: (a) the average of the previous two years cash bonuses, (b) value of any unused vacation pay, and (c) any unpaid reimbursable expenses.

The estimated incremental payment obligations of the Corporation related to the termination entitlements set forth above for each of the Named Executive Officers pursuant to the respective written agreements, under the noted triggering events, (other than termination for cause) assuming that the triggering event took place on December 31, 2017, are as follows:

Name	Payment Made in the Event of Termination without Just Cause, Resignation or Change in Duties or Remuneration Following a Change of Control
James Evaskevich	\$585,000
James Glessing	\$395,833
Lorne Simpson	\$417,500
Randall Faminow	\$395,500

The Board of Directors shall also meet (in person or by electronic means) as necessary to consider specific developments and opportunities as they arise, including material asset acquisitions and dispositions and financing proposals.

Subject to the terms of any disclosure, confidentiality, trading and other policies and procedures of the Corporation, the Chairman of the Board will act as a liaison between stakeholders of the Corporation and the Board of Directors.

The CEO and CFO shall meet with all proposed new directors to provide him or her with a detailed business and financial review of the Corporation. In addition, the Chairman of the Board shall meet with all proposed new directors to provide him or her with an orientation on the experience and expertise of the other members of the Board of Directors and the unique policies and procedures of the Board of Directors.

Key management personnel and professional advisors may be invited to attend Board of Directors meetings (other than *in camera* Board of Directors sessions) to speak to, or be informed as to, such matters as the Board of Directors may deem necessary.

The Board of Directors has adopted a written code of business conduct and ethics (the “**Code of Conduct**”) for all directors, officers, employees, consultants and representatives of the Corporation to promote integrity and deter wrongdoing. The Board of Directors and the Audit Committee have adopted a “whistle-blower” procedures policy as a means of receiving and handling complaints regarding questionable accounting, internal control and audit matters. The Board of Directors has established an Audit Committee, a Compensation Committee and a Corporate Governance and Nomination Committee and has adopted, and shall annually review and re-assess the adequacy of the mandates of such committees.

Measures to Encourage Ethical Business Conduct

The Corporation has put the Code of Conduct in place for its directors, officers, and employees. A copy of the Code of Conduct is provided to each director, officer and employee of the Corporation and is available upon request to any Shareholder. Compliance with the Code of Conduct is monitored by the Board of Directors as a whole. Employees of the Corporation are encouraged to promptly report to the Board of Directors any violation of the Code of Conduct or any law, rule or regulation that has been or is likely to be committed by the employee or someone else who is a representative of the Corporation.

In addition, the Corporation has a Whistleblower Policy which addresses the Corporation's continuing commitment to integrity and ethical behaviour. The Whistleblower Policy established procedures that allow employees of the Corporation to confidentially and anonymously submit their concerns to the Chair of the Audit Committee regarding questionable ethical, moral, accounting, internal accounting controls, or auditing matters, without fear of retaliation.

The Code of Conduct requires disclosure to the Board of Directors of any transactions or agreements in respect of which any director or executive officer of the Corporation has a material interest and the extent and nature of that interest. Any director with a conflict of interest or who is capable of being perceived as being in conflict of interest with respect to the Corporation must abstain from discussion and voting by the Board of Directors or any committee of the Board of Directors on any motion to recommend or approve the relevant agreement or transaction. The Board of Directors itself must comply with conflict of interest provisions of the ABCA in order to ensure that directors exercise independent judgment in considering transactions and agreements in respect of which a director or executive officer has a material interest. The Board of Directors provides leadership, supervision and support for the employees of the Corporation to uphold the principles articulated in the Code of Conduct.

Director Term Limits and Other Mechanisms of Board Renewal

The Corporation has not adopted term limits for directors or other mechanisms of board renewal. The Board of Directors does not believe that fixed term limits or mandatory retirement ages are in the best interest of the Corporation.

Majority Voting Policy

On March 15, 2017, the Board amended its Majority Voting Policy as required by the policies of the TSX. Pursuant to the Majority Voting Policy, each director of the Corporation must be elected by a majority (50%+1 vote) of the votes cast with respect to his or her election other than at contested meetings, where “votes cast” means the majority of any “for” or “withheld” votes cast with respect to a director’s election, excluding any failures to vote, defective votes or broker non-votes with respect to that director’s election. “contested meeting” is a meeting at which the number of directors nominated for election is greater than the number of seats available on the Board

If a nominee for election as director does not receive the vote of at least a majority of the votes cast at any uncontested meeting for the election of directors at which a quorum has been confirmed, the director, duly elected in accordance with the requirements of the ABCA and the Corporation’s Articles, shall nonetheless immediately tender his or her resignation from the Board to the Board following said election.

Each director nominated for election or re-election to the Board shall acknowledge in writing his or her agreement to be bound by the Majority Voting Policy.

Following receipt of a resignation submitted pursuant to the Majority Voting Policy, and in any event, within 90 days after the shareholder meeting, the Board shall determine whether or not to accept the offer of resignation through a process managed by the Corporate Governance and Nominating Committee. The Board shall accept the resignation absent exceptional circumstances. In considering whether or not to accept the resignation, the Board will consider factors that may be provided as guidance by the TSX and all factors deemed relevant by the Board including, without limitation, the stated reasons why shareholders withheld votes from the election of that nominee, the length of service and the qualifications of the director whose resignation has been submitted, such director’s contributions to the Corporation, and the Corporation’s legal obligations under applicable laws.

A director who tenders his or her resignation pursuant to the Majority Voting Policy shall not be permitted to participate in any meeting of the Board at which his or her resignation is to be considered, but will be counted for the purpose of determining whether the Board has a quorum if required in the event that a sufficient number of the Board members did not receive a majority of the votes cast in the same election.

The Corporation must promptly issue a news release with the Board’s decision, a copy of which must be provided to the TSX.

If a director’s resignation is not accepted by the Board, such director will continue to serve until the next annual meeting and until his or her successor is duly elected, or his or her earlier resignation or removal, as provided for in the Corporation’s Articles, or the director shall otherwise serve for such shorter time and under such other conditions as determined by the Board, considering all of the relevant facts and circumstances. If a resignation is accepted, the Board may in accordance with the provisions of the Corporation’s Articles, appoint a new director to fill any vacancy created by the resignation.

Policies Regarding the Representation of Women on the Board of Directors and Management

The Board of Directors has not adopted any policies that address the identification and nomination of women directors. The Board of Directors believes that it is in the best interests of the Corporation to make nominations of directors on the basis of skills, knowledge, experience, character and the requirements of the Board of Directors and management at the time. The Corporation is committed to a meritocracy and believes that considering the broadest group of individuals who have the skills, knowledge, experience and character required to provide the leadership needed to achieve the Corporation’s business objectives, without reference to their age or gender is in the best interests of the Corporation. The level of representation of

women on the Board of Directors is not considered in identifying and nominating candidates for election or re-election to the Board of Directors. The Corporation has not imposed quotas or targets regarding the representation of women on the Board of Directors and in executive officer positions. There are currently no women serving on the Board of Directors and no women serving in executive officer positions at the Corporation.

These terms of reference are reviewed annually by the Audit Committee and the Board of Directors. The Audit Committee reviews the annual and interim financial statements of the Corporation and makes recommendations to the Board of Directors with respect to such statements. The Audit Committee also reviews the nature and scope of the annual audit as proposed by the auditors and management, and the adequacy of internal accounting control procedures and systems within the Corporation. The Audit Committee is responsible for ensuring that management has implemented an effective system of internal control and has oversight responsibility for management reporting on internal control.

- (c) the competencies and skills that the Board of Directors considers each existing director to possess;
- (d) the competencies and skills each new nominee will bring to the boardroom; and
- (e) whether or not each new nominee can devote sufficient time and resources to his or her duties as a member of the Board of Directors.

The Corporate Governance and Nominating Committee is comprised of the Board of Directors in its entirety. The Corporate Governance and Nominating Committee anticipates meeting once annually to fulfil its mandate.

Compensation Committee

The Compensation Committee is comprised of Messrs. Bowerman (Chair), Weir, Morton and Mackenzie, all of whom are independent. The Compensation Committee is responsible for reviewing annually (and other times if necessary) and making recommendations to the Board of Directors regarding:

- (a) compensation and remuneration policies, practices and philosophy for the Corporation's officers and directors; and
- (b) the CEO's recommendations for proposed salaries, stock options, bonuses or other incentive compensation plans for officer and director compensation.

In making its recommendations, the Compensation Committee considers the recommendations and insight of the CEO and considers, among other things, the performance of the person, comparative surveys of similar size Canadian oil and gas companies and the relative performance of the Corporation and the person on an aggregate and per share basis over relevant periods.

The Compensation Committee is provided with all compensation materials, including comparative surveys, in advance of the meetings in order to carefully consider management's recommendation and get independent advice if desired.

All of the members of the Compensation Committee are independent and have direct experience that is relevant to their responsibilities regarding executive compensation of the Corporation. Messrs. Bowerman, MacKenzie and Weir have acted as executive officers and directors of other oil and gas and service companies. As a result, the Compensation Committee has knowledge of typical day-to-day responsibilities and challenges faced by the Corporation's management team, and first-hand knowledge regarding executive compensation policies and practices in the public oil and gas sector, all of which are beneficial in the context of its review of the Corporation's compensation policies and practices.
